Chapel Hill, NC 27599-7290

Dear Dr. Frelinger:

We are considering your request for ^{partial} financial support for the 8th International H-2/HLA Workshop. The area is one in which we have interest. Unfortunately we will need a program and list of speakers in order to more fully evaluate your request. If you could send the information to me I will be able to bring the proposal to our next "Conference Evaluation Meeting". I understand that speaker selection may come closer to the meeting date than we would like. Even a tentative list would be helpful. Also, please let me know the proposed location and final dates for the meeting.

Sincerely,

Arthur D. Eisenberg
